## TECHNICAL DETAILS

### DESCRIPTION:

Man's jacket with undetacheable hood made by soft semi-gloss polyamide double wave fabric with eco-sustainable water-repellent finish and anti-down treatment. It's particular structure allows down to be injected without creating stitching channels, guaranteeing greater technicality and preventing the down from coming out. Details and inner edge are in contrasting colour. Comfortable side pockets and practical inner pocket. Regular fit and padded with natural down. Drawstring at bottom and hood allows you to adjust the width. Colmar patch on left sleeve and "C" patch on right back, personalize the jacket with company brand logo.

### DESCRIPTION:

Comfortable joggers made of a particular blend cotton and polyester material with a slub effect which is obtained during the dyeing phase in which a single dye is made on the cotton. This operation allows the polyester part to be dirty and at the same time keep the color of the cotton part darker. Pockets inserted in the cuts on the sides and single-color logo applied under the left pocket. Drawstring waist that regulates the fit.

Normal fit

Drawstring

Rib on bottom

Ribs on waist

Monochrome logo
